

# List

## List Javascript:

push pop shift unshift  
splice sort reverse  
copywithin fill concat  
includes indexof  
lastindexof join slice  
tostring tolocalestring at  
foreach map filter reduce  
reduceRight some every  
find findlast findindex  
findlastindex flat flatmap  
entries keys values  
Array.from Array.isArray  
Array.of with to reversed  
toSorted toSpliced toSorted  
group groupToMap

## List Java:

### ArrayList:

add, addAll, clear, clone,  
contains, ensureCapacity, get,  
indexOf, lastIndexOf, remove,  
removeAll, retainAll, set, size,  
isEmpty, toArray, containsAll,  
iterator, listIterator, sublist,  
trimToSize, spliterator, forEach,  
removeIf, replaceAll, sort,  
equals, hashCode, toString

### Stack:

empty, peek, pop, push, search,  
get, set, addElement,  
insertElementAt,  
removeElementAt,  
removeElement, setElementAt,  
firstElement, lastElement, size,  
capacity, ensureCapacity,  
trimToSize, setSize, isEmpty,  
contains, indexOf, lastIndexOf,  
containsAll, addAll, removeAll,  
retainAll, clear, toArray,  
elements, iterator, listIterator,  
sublist, equals, hashCode,  
toString, getClass, notify,  
notifyAll, wait, clone, finalize

### Vector:

add, addAll, capacity, clone,  
elementAt, ensureCapacity, get,  
indexOf, insertElementAt,  
isEmpty, lastIndexOf,  
lastElement, remove,  
removeAllElements, set, setSize,  
size, toArray, trimToSize

### LinkedList:

size, isEmpty, contains, add,  
remove, clear, get, set,  
indexOf, lastIndexOf, toArray,  
iterator, listIterator,

## List Python:

append extend insert  
remove pop clear index  
count sort sorted reverse  
reversed copy len min max  
sum in ListComprehension  
all any enumerate zip map
